

OUTLAND MPH-202 SMALL INTERLOCKING JAWS

SKU: OTL-MPH-202

The standard jaws for the Outland MP-200 manipulator. Compact yet strong, the MPH-202 small interlocking jaws deliver 32 kg (70 lb) of grabbing force at the centre of the jaw and open to 89 mm (3.5 in), for secure and precise handling of objects underwater. They mount on the MP-200 in the field with the quick-change coupling.

Supplier: Outland Technology
